Chrzanowska A, Man N, Sutherland R, Degenhardt L, Peacock A. <u>Trends in overdose and other drug-induced</u> <u>deaths in Australia, 2003-2022</u>. Sydney: National Drug and Alcohol Research Centre, UNSW Sydney; 2024.

Please note that as with all statistical reports, there is the potential for minor revisions to data in this report. Please refer to the online version at <u>Drug Trends</u>.

Please contact the Drug Trends team with any queries regarding this publication: <a href="mailto:drugtrends@unsw.edu.au">drugtrends@unsw.edu.au</a>.

The Drug Trends program is funded by the Australian Government Department of Health and Aged Care under the Drug and Alcohol Program.

We acknowledge all state and territory Registries of Births, Deaths and Marriages, the Coroners and the National Coronial Information System (NCIS) for enabling Cause of Death Unit Record File (COD URF) data to be used for this publication.

We wish to acknowledge Lauren Moran and the team at the Australian Bureau of Statistics for their assistance with the data and ICD-10 coding practices to ensure rigorous, comprehensive, and consistent reporting on drug-induced deaths in Australia.

We acknowledge the traditional custodians of the land on which the work for this report was undertaken. We pay respect to Elders past, present, and emerging.
