Structure and organisation of response Appropriateness of overall structure of response Clarity and coherence of organisation, including use of section headings where appropriate.					
Presentation of response according to appropriate academic and linguistic conventions Clarity, consistency and appropriateness of APA conventions for quoting,					

Assessment 3 – Research report

Length: 2000 words, 12-pt double-spaced.

Due: 5pm on Tuesday 5th June, 2018.

Weight: 40%

Purpose:

To identify and analyse in some detail an education provider catering to the needs of specific groups of students within the NSW education system. Through analysis of the provider and consideration of the students serviced, you will come to appreciate the diversity of education provision in NSW and the challenges encountered in meeting student needs.

Method:

Choose students from two specific areas in the options given for the previous research task (Assessment 2). Research and analyse:

- the characteristics and needs of your chosen students,
- the nature of the teaching and learning programs required for these students, and
- the strategies that can be used to build and support the engagement of these students with learning.

Describe how your chosen school within the NSW education system aims to meet the needs of your chosen students, using evidence from professional sources such as school or system (e.g. NSW DEC, CEO) websites, annual reports, media reports, 'My School' website, published testing and assessment results, etc. that are available as open sources. You are NOT to contact the school directly asking for school
