**Attendance:** Students are expected to give priority to university study commitments. Unless specific and formal permission has been granted, failure to attend 80% of classes in a course may result in failure.

*Student Learning Outcomes*

Outcome	Assessment/s	
1	Demonstrate understanding of the range of home and community literacy experiences, including the impact of parental/carer attitudes and different cultural systems including Australian Indigenous communities	1, 2
2	Demonstrate understanding of ways to support EAL/D learners at different stages of English learning by explicitly addressing their language needs	

1.6 Demonstrate broad knowledge and understanding of legislative

## 5. TEACHING STRATEGIES

The course will integrate classroom observations, pedagogical theory for literacy learning and practical development of teaching resources. Students will also teach groups of students in Stages 1-3 to deepen understanding of how literacy develops. A range of teaching strategies will be explored and critically evaluated for their appropriateness and effectiveness for different contexts and for diverse student needs.

## 7. RESOURCES

### **Required Readings**

NSW English K-10 syllabus (2012), <http://syllabus.bostes.nsw.edu.au/english/english-k10>

Flint, A., Kitson, L., Lowe, K., Shaw, K. (2013) *Literacy In Australia Pedagogies For Engagement + iStudy* Version1. Wiley: Queensland

*Quality Teaching in NSW Public Schools*, Sydney, NSW.

### **Further Readings**

Callow, J. (2013). *The shape of text to come: How image and text work*. Sydney: PETAA.

Gibbons, P. (2002). *Scaffolding language, scaffolding learning: Teaching second language learners* T&TQq0.000000

sounds, and a selection of annotated student texts showing the writer's use of terms of writing, grammar, spelling and punctuation.

**Assessment 2: Assessing Skills in Reading – A Case Study.** Evaluate the reading competency of a student in Stage 1 (not Early Stage 1). Consider the relative performance when the text is supported by made up words. What letter patterns or types of words are most challenging? How would you assess levels of comprehension? What interventions would you recommend? Provide a rationale for your recommendations as well as evidence supporting your diagnostic assessment. Work out what you would say to the student?

**Assessment 3: Lesson Plan.** Develop a lesson plan which deals with teaching an early literacy topic, using the lesson plan provided (see PE Handbook 5, 6). Consider how you need to differentiate a range of student needs and the typical diversity of backgrounds, including EAL/D, Indigenous students and those with some delays in critical aspects of language acquisition and processing. Include a rationale explaining how you address such diversity, including how you assess and respond to delays/differences in language and literacy development in the one class.

### **Reflection: Student impact, knowledge extensions or gaps**

Describe three ways in which you would assess the impact of your teaching in this KLA on your future students. If you have a specialisation in this KLA (e.g., a major in your undergraduate degree), describe how you could build on your advanced knowledge/skills to make improvements in student achievement in this KLA in your current school. If you do not have a specialisation in this KLA, identify three areas of your disciplinary knowledge /skills that require further development, and what strategies you will use to achieve that. Upload your 500-word response to Moodle before the end of the course.

### **Submission of Assessment Tasks**

Students must follow the following instructions when submitting their work for assessment. All assessment will be submitted online via Moodle by 5pm. Students are also required to keep all drafts, original data and other evidence of the authenticity of the work for at least one year after examination. If an assessment is mislaid the student is responsible for providing a further copy. Please see the Student Policies and Procedures for information regarding submission, extensions, special consideration, late penalties and hurdle requirements etc.
