Resources

Prescribed Resources

There is no textbook required for the course.

See the Moodle Site for the Lesson "Tutorial Readings and Questions for Discussion" under the heading "Contents and Resources" for the list of readings required for each week. Readings for tutorials are accessible electronically through the Library Legato system, embedded in the Moodle site for the course. Click on the green icon entitled "Required Readings for Tutorials".

The links to the online activities are also available through the Library Legato system. Search for it in the relevant week.

Recommended Resources

See my handout on Essay questions and bibliographies.

Course Evaluation and Development

Feedback will be gained through MyExperience at the end of term. I have responded to the feedback by reducing the assessment. Last year (2020), two responses to readings were required. From 2021, I have reduced this to only 1 response to a reading due in week.

In 2020 the course was taught fully online for the first time due to Covid-19 restrictions. The course evaluations were excellent. In response to the question "Overall I was satisfied with the quality of the course" ARTS1010 received a score of 5.9, with the school average mark was 5.00. In response to the question "Overall I was satisfied with the quality of this..." 5.9
