

Never Stop Learning

Business School

Terminology	Definition
Program compulsory core courses	Courses which students must complete under their enrolled degree e.g. Bachelor of Economics/ Law 4744
Economics Major	Students must complete at least one major in Economics, Econometrics or Financial Economics consisting of 60UOC. The 60UOC includes 36UOC from the compulsory first and second year core courses. (ACCT1501 and ECON1401 do not count towards a major.) Students must complete at least three (3) level 3 courses (numbered 3XXX).
Economics Elective	Account for 12UOC (2 courses) from the School of Economics to ensure a student completes a minimum of 84UOC of Economics courses within the School of Economics.

Compulsory core courses		Economics Major – Refer to Appendix A.		Economics electives (course must be offered by the School of Economics)		Free electives (can be from Business School or other Faculties)

Please refer to the 2015 Online Handbook for the program and major rules:
<http://www.handbook.unsw.edu.au/undergraduate/programs/2015/4744.html>

Students must complete at least one major in Economics, Econometrics or Financial Economics.

Overlapping requirements: If you choose to do two Economics majors that have overlapping compulsory core courses, you do not need to complete them twice. However, if the two Economics majors have overlapping compulsory major specific courses, then you should only count the major specific course towards one Economics major and choose to do a major elective course of the same level in the other Economics major. Please consult the Business School Student Centre if you have any further questions.

Appendix A.
