

CyberPolicyHub Reference Guide

Cyber Security Policy Framework

Updated: 24 April 2024

The MyCyberHub platform now includes a CyberPolicyHub function. The CyberPolicyHub is a searchable central directory for all Cyber Security Policies, Standards and Guidelines. The function supports Business Owners, Information Service Owners, Technical Subject Matter Experts (SMEs) and other UNSW staff to understand their Cy.6 Do2alunC.7Sic(C)-u

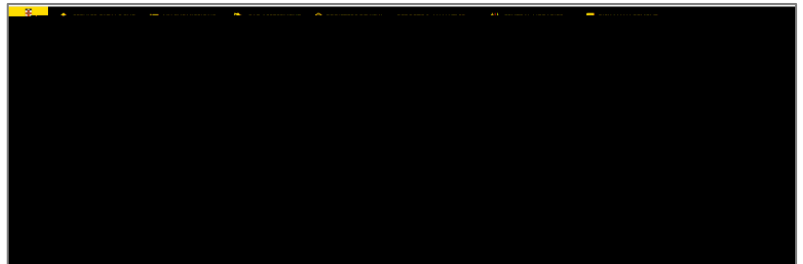

e for information on the Cyber Security Policy

Framework, or visit the [Cyber Security Strategy & Governance webpage](#) for all support services.

Navigating the CyberPolicyHub

1. Go to [MyCyberHub](#) and select CyberPolicyHub from the top menu bar.

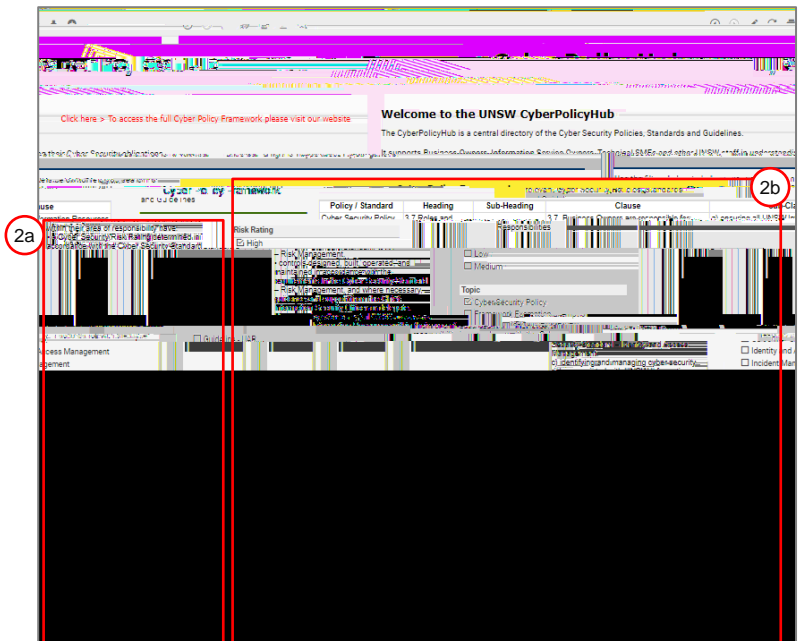

2. Search for relevant Cyber Security clauses

- a) Make your selection using the filters:

- x Risk Rating
- x Topic
- x Related Roles
- x Asset Type

- b) Once you select the appropriate filters, relevant sub-causes will be shown in the table.

3. To save the search results as a PDF
 - a) Select the Export icon.
