4. Aims of the Course

This course aims to provide an introduction to forensic psychology. You will learn how psychologists play a critical role in the criminal justice system, and how psychological research can inform many

Ethical, social and professional understanding	3	The course will give careful consideration to the role of psychologists in the legal system, whether acting as a clinician, consultant, an expert witness, or a researcher. We will consider the ethical issues psychologists must consider in these contexts.
Communication	2	The ability to clearly communicate the outcomes of psychological research to a non-specialist audience will be assessed in the court observation report. The weekly small group discussion forums will also develop students' communication skills.
