### Details & Outcomes

#### Course Description

Psychology Work Placement 1 is a compulsory unit for students enrolled in the Bachelor of Science (Psychology) program. This unit provides students with a practical experience in a professional setting, allowing them to apply their theoretical knowledge and skills in a real-world context. The placement is designed to enhance students' understanding of the psychology profession and to develop their professional skills, including communication, teamwork, and problem-solving. Students will be supervised by a qualified professional in the field of psychology. The placement is a key component of the program and is essential for students to meet the requirements for graduation.
