5. Assessment

5.1 Assessment tasks

All assessments in this course have been designed and implemented in accordance with UNSW Assessment Policy.

Assessment task	Length	Weight	Mark	Due date
Assessment 1: Topic quizzes (15)	Varied	0% (formative)	Varied	N/A
Assessment 2: SRL activities (5)	Varied	10% (5x SRL activities worth 2% each)	/10 (/2)	11:59 pm Sunday Wks 2, 4, 5, 9 & 10.
Assessment 3: Essay (3)	Varied 1200 words S			

with the exception of SRL 4 (multiple-choice questions) whereby instructions are released Monday in Week 6 and must be completed by Sunday of Week 9. Each SRL activity is worth 2%, so students may earn a total of 10% of their final grade by completing them by the due dates (see above table). *Note, due to the participatory nature of the SRL activities, time extensions are not possible* (ELS adjustments are the only exception). Approved Special Consideration applications for an SRL activity will receive an aggregate mark, based on the average mark of the remaining SRL activities. Any SRL activity completed after the due date without an approved special consideration application will not be marked and will receive a grade of zero for that activity.

Assessment 3: A written assignment in essay format (1200 words) will be required for submission ***Monday of Week 9***. Students are required to produce a researched written piece to be submitted online via Turnitin. The question and instructions for this assignment will be released on Monday of Week 3. The essay itself will be worth 45% of the total course mark. To encourage time management and incorporating feedback into their writing, two essay preparation tasks form part of the overall essay assessment. On time submission of these essay preparation tasks will provide students with 2.5% for each submission. *Note, due to the nature of the essay preparation tasks, time extensions are not possible due to the nature of these assessments.* Approved Special Consideration applications for the essay preparation tasks will receive an aggregate mark, based on the mark for the other essay preparation activity. Any essay preparation activity submitted after the due date without an approved special consideration application will not be marked and will receive a grade of zero for that activity. The first preparation activity is a task list for the essay (**due Sunday Week 3**) and the seco

5.2 Assessment criteria and standards

Further details and marking criteria for each assessment will be provided to students closer to the assessment release date (see 4.1: UNSW Assessment Design Procedure).

5.3 Submission of assessment tasks

Essay: In accordance with UNSW Assessment Policy the final version of the essay must be submitted online via Turnitin. No paper or emailed copies will be accepted.

Late penalties: deduction of marks for late submissions will be in accordance with School policy (see: Psychology Student Guide).

Special Consideration: Students who are unable to complete an assessment task by the assigned due date can apply for special consideration. Students should also note that UNSW has a Fit to Sit/Submit rule for all assessments. If a student wishes to apply for special consideration for an exam or assessment, the application must be submitted prior to the start of the exam or before an assessment is submitted. If a student sits the exam/submits an assignment, they are declaring themselves well enough to do so and are unable to subsequently apply for special consideration. If a student becomes ill on the day of the exam, they must provide evidence dated within 24 hours of the exam, with their application.

Special consideration applications must be submitted to the online portal along with Third Party supporting documentation. Students who have experienced significant illness or misadventure during

control are eligible for special consideration. Except in unusual circumstances, the duration of circumstances impacting academic work must be more than 3 consecutive days, or a total of 5 days within the teaching period. If the special consideration application is approved, students may be given an

8. Administrative matters

The School of Psychology Student Guide contains School policies and procedures relevant for all students enrolled in undergraduate or Masters psychology courses, such as:

- Attendance requirements
- Assignment submissions and returns
- Assessments
- Special consideration
- Student code of conduct
- Student complaints and grievances
- Equitable Learning Services
- Health and safety

It is expected that students familiarise themselves with the information contained in this guide.

9. Additional support for students
