Psychology Bachelor of Science

Psychology Bachelor of Science

PEP5 (Clinical) follows from earlier PEP 5

practical component of the clinical program. At this stage candidates are expected to develop further autonomy in their clinical practice. In PEP5 candidates are required to complete a supervised placement in one external field placement setting of at least 167 hours. Activities undertaken during placement typically include client work, supervision, placement administrative responsibilities and client preparations. Placement hours typically extend beyond the standard term period. Additional hours may also be required to demonstrate

Professional and Ethical Practice (Clinical) 5 - 2023

Following on from PEP4, the clinical workshop and clinical supervision in this course will provide

further practical training in clinical skills of assessment, case formulation and treatment. Trainees will continue to assess and treat clients in one external field placement setting, informed by relevant theoretical models and adopting evidence-based approaches.

Teaching in PEP5 is delivered via supervision and feedback on clinical practice on external placement and via content delivered in training workshops.

UNSW has a "fit to sit/submit" rule, which means that if you sit an exam or submit a piece of assessment, you are declaring yourself fit to do so and cannot later apply for Special Consideration. This is to ensure that if you feel unwell or are faced with significant circumstances beyond your control that affect your ability to study, you do not sit an examination or submit an assessment that does not reflect your best performance. Instead, you should apply for Special Consideration as soon as you realise you are not well enough or are otherwise unable to sit or submit an assessment.
